

Tap to Pay

Use your mobile to make purchases. It's fast. Convenient. Secure.

There are so many advantages to digital banking, and one of the best is paying with a Virtual card.

Your phone is always with you, right? So, use it to make spending easier. With an activated Virtual CreditBank PNG Debit card you can use your mobile to pay wherever you see this icon:

- No need to carry cash which if lost or stolen is gone
- No need to dig in your wallet or purse for a physical card
- No need to wait for change and collect cumbersome coins
- No need to lose track of your spending. You can access account statements 24.7 online so you know exactly where your money is going!

A relationship you can bank on.

TAP TO PAY

Smart money is on Virtual card use.

It's easy to get started. It's easier to use.

Log into your CreditBank PNG Android mobile banking app:

1. Tap on the **Cards** section
2. Click **REGISTER** for **TAP TO PAY**
3. Read the **Terms and Conditions**, then click **Accept**
4. Wait for the **Tokenisation** process to complete
5. Once completed, click **Close**
6. Go to **Quick Actions** and select **Set Default** for Tap to Pay
7. Finally, **ensure that NFC is enabled** in your Android Settings.

Turn on NFC (Near Field Communication) by going to your Android phone's Settings:

- b. Find **NFC and Contactless Payments**
- c. Make sure **NFC** is switched **ON**.

Set CreditBank PNG as your default payment app in NFC and Contactless Payments settings:

- d. Tap **Contactless Payments**
- e. Select **CBP** from the list.

How do I Tap to Pay?

Open your CreditBank PNG Mobile banking app and tap your phone to the payment Terminal. Tap to Pay will work without data.

Some facts about Virtual cards

If you lose your mobile, just log into CreditBank PNG Online Banking and block your card.

Tokenisation which occurs at activation is the process of securing sensitive data such as your Virtual card. It encrypts your card number and name each time you use your Virtual card. In many ways, it is a safe way to pay.
